

Clarisse Schneider

Sept-Dec
2014
San
Francisco,
CA

Work Experience

Lookout Mobile Security

Engineering Intern

Worked on the Android client implementing changes to the main application.
Participated in the GadgetGuardian war room, heading up branding changes under tight time constraints.
Played a key role in the Android Lollipop updates, redesigning notifications to match the new standard.

Jan-Apr
2014
Waterloo,
ON

Kaleidescape

Software Engineering Intern

Worked on the Store team implementing changes in PHP and Javascript.
Built UltraViolet account creation dialog flow integrated into the store.
Integrated open-source plugin Notify.js to create a custom notification system accessible throughout the code base.
Updated entire site from Bootstrap 2.3.2 to Bootstrap 3.1.1.

May-Aug
2013
Toronto,
ON

Singspiel

Developer Co-op

Implemented user interfacing in the web-based and desktop applications, creating the store application from the ground up.
Built interface allowing employees to interact with the company server and database.
Redesigned the company website using Bootstrap 3.0.0.

2013-2014
Waterloo,
ON

Projects

Various Websites

Personal site, Design Teams, Conferences

Designed and created several websites after self-teaching HTML/CSS.
Used a variety of tools such as Wookmark, Bootstrap, and self-designed responsive handling for neat design.
Experimented with Angular routing and Tumblr API on personal site.

Mar 2014
Waterloo,
ON

EngPort

HackWaterloo Project

Ruby on Rails web application for Waterloo EngSoc class representatives to customize reports to their classes via PDF, Facebook, and Twitter.
Developed with a three-person team, specializing specifically in creation, front-end design, and PDF export.
